Re: Apartment No. \_\_\_\_\_  
320 West 84<sup>th</sup> Street  
New York, New York

Dear Board Members:

Pursuant to my proprietary lease, I hereby request permission to install the fixtures and appliances and make the alterations, renovations, installations and work described in the plans and specifications annexed hereto (hereinafter collectively referred to as the "Work") in the above referenced apartment.

If such permission is granted:

1. I agree, before any Work is begun:

(a) To furnish to you (the "Corporation") a letter from a licensed engineer or architect, which letter shall certify that the electrical loads required as a result of the Work, if any, (i) will not be in excess of the present electrical capacity of my apartment, and (ii) will not adversely affect the building's electrical service.

(b) To procure from my contractor and submit for your approval my contractor's written agreement to provide waivers of the right to file any mechanic's liens, attachments or encumbrances against your property which may arise out of or in connection with the Work upon completion and payment for the Work. Proof that the contractor has obtained similar agreements from all subcontractors shall also be submitted for approval.

(c) To provide you with a complete and conformed copy of every agreement made by me or my representative with

the contractors, subcontractors, designers, architects, and suppliers relating to the Work, and all orders for appliances and fixtures.

(d) If required by law or governmental regulations, to file plans with and procure the approval of all Governmental Agencies having jurisdiction over the Work and, not more than ten days after receipt of such approval, to deliver to you a copy of every permit or certificate issued. If there be any doubt as to the need for such approval, you shall be the sole arbiter in resolving the doubt.

(e) That the Work (if involving plumbing and/or electrical work) will be performed by licensed plumbers and electricians only. I shall furnish to you in writing the names, addresses, telephone numbers and license numbers of all plumbers and electricians involved in the Work. I will also provide you with a list of all contractors and subcontractors performing any of the Work, and copies of their contracts.

(f) To procure from my contractor, or subcontractors:

(i) Comprehensive personal liability and property damage insurance policies, each in the minimum amounts specified in the schedule of Insurance Requirements, which policies shall name 320 West 84<sup>th</sup> Corp., the Board of Directors individually and collectively, any architect or engineer engaged by you, and your Managing Agent, as well as me (as shareholder), as parties insured. Such policies shall provide that they may not be terminated without 30-days prior written notice to you at the address given above;

(ii) Worker's compensation and employee liability insurance policies, covering all employees of the contractor and subcontractors in amounts as required by statute; and

(iii) Certificates of Insurance evidencing the above requirements shall be delivered to you prior to the commencement of the Work. Further, all such policies shall cover all employees of the contractor or subcontractor.

2. If you are required or shall deem it necessary in your sole discretion to seek legal, engineering or architectural advice or services prior to, during or subsequent to granting permission for the Work, I agree to make payment directly or to reimburse you for fees incurred

by you on demand. I acknowledge that you have advised me that I shall be responsible for the direct payment of the fees of any architect or engineer engaged by you to review and inspect the Work, or the fees of any other professional you, in your sole discretion, deem necessary. All such fees are due and payable on demand and shall be deemed additional rent obligations under my proprietary lease.

3. I understand and agree that:

(a) I assume all risks of damage to the building and its mechanical systems, and to persons and property in the building which may result from or be attributable to the Work and all responsibility for the maintenance and repair of any alterations and installations after completion. This responsibility covers all work, whether or not structural, weather-tightness of windows, exterior wall or roof, waterproofing of every part of the building directly or indirectly affected by the Work, and maintenance of all heating, plumbing, air conditioning and other equipment installed or altered pursuant hereto. If the operations or condition of the building, or any of its equipment or any other apartments, are adversely affected by the Work, I shall, when so advised, promptly remedy, if possible, or remove the cause of the problem and restore it or them to original state existing prior to inception of work at my sole cost and expense.

(b) There will be no temporary or permanent change in the building's heating or plumbing systems to facilitate or accommodate the Work.

(c) The alterations and materials used shall be of the quality in keeping with the original building quality and shall conform to any standard building requirements for alteration and any corporate resolutions and guidelines now or hereinafter in effect.

(d) If, after making any alterations or installing any equipment pursuant to, or as part of, the Work, I shall:

(i) seek to terminate my proprietary lease for any reason, I will, on your demand, but at my expense, restore the premises and equipment to the condition prior to the Work, and agree that compliance with this agreement shall be a condition precedent to the cancellation of my lease, or

(ii) seek to transfer the corporate shares allocated to my apartment and the proprietary lease

appurtenant thereto, I will, if demanded by you, either at my expense restore the premises and equipment to their condition prior to the Work or provide you with an agreement by my transferee to assume all of my obligations and understandings expressed in this Alteration Agreement, which assumption shall not relieve me of any of my obligations hereunder.

4. The Completion Date of the Work shall be \_\_\_\_\_ ( ) days (months) from the date of this Agreement, and the Demolition Completion Date shall be \_\_\_\_\_ ( ) days from the date of this Agreement. Except for unavoidable delays beyond my control, which do not include delays in performance by my contractor, 1) if the demolition phase is not completed by the Demolition Completion Date, you shall be entitled to the sum of \$200.00 per day for each additional working day (defined as any day in which the Corporation's Alterations Policy permits work to be performed) until the demolition phase is completed as liquidated damages; 2) if the Work has not been completed by the Completion Date of the Work, you shall be entitled to the sum of \$100.00 per day for each additional working day until the Work is completed as liquidated damages. In the event that the Work is not completed by the 30<sup>th</sup> day after the Completion Date, you shall be entitled to the sum of \$200.00 per day for each additional day until the Work is completed as liquidated damages. These sums are liquidated damages, and not a penalty, to compensate you and your shareholders for the costs and inconvenience of the continuation of the Work beyond the period specified herein, which costs and expenses are impossible to ascertain. Any sums so imposed shall be deemed additional rent obligations under the Proprietary Lease, and the Corporation shall have the right to deduct such penalties from any escrow deposits it is holding in connection with the Work, as set forth below. I understand, accept and agree that the determination of the Demolition Completion Date and the Completion Date of the Work shall be made by the managing agent for the Corporation.

5. Alterations are permitted on Monday through Friday only during the hours of 9:00 a.m. until 4:30 p.m. No work is permitted on holidays.

6. I agree to give written notice to you and all shareholders and residents with units abutting the unit in which the Work is to be performed laterally on either side, across the hall, as well as those units one floor above and below, no later than ten (10) days prior to the commencement of said Work.

7. All precautions will be taken to prevent dirt and dust from permeating other parts of the building during the progress of the Work and to insure that other portions of the Building, its equipment and systems and the property of all shareholders or residents are not damaged. The full cost of any necessary cleanup or repairs shall be my responsibility. I understand and agree that all openings of any sort, including, but not limited to doors, windows and exhaust grilles must be thoroughly sealed to prevent dust and dirt from permeating the public hallways or other apartments. During the progress of the Work I will take all precautions necessary to prevent damage to the building's hallways and to other common areas. I agree that all portions of the public areas from the entrance to the Building to the elevator and from the elevator to my apartment must be at all times adequately protected from the movement of materials and equipment or the removal of materials, equipment or debris. I agree that should any damage be caused to such areas or should such areas be required to be cleaned, I shall do so promptly, at my sole cost and expense. Materials and rubbish will be placed in barrels or bags, before being taken out of the apartment. All such barrels or bags, rubbish, rubble, discarded equipment, empty packing cartons and other materials will be taken out of the building and removed from the premises at my expense. If you are obligated to pay building staff overtime as a result of the Work, or if extra staffing is needed during demolition, we shall reimburse you the cost so incurred. Such costs shall be deemed additional rent under the terms of the proprietary lease.

8. I will bear the entire cost of the Work and pay all bills incurred in connection therewith not later than thirty days after completion of the Work. If any mechanic's liens are filed for work claimed to have been done or materials alleged to have been supplied, I shall cause such lien to be discharged within thirty days after such filing. If I fail to do so, you may exercise any or all of your rights and remedies under the proprietary lease or this agreement.

9. At the completion of the Work, I will deliver to you proof as may be necessary or required by law to indicate that the Work has been done in accordance with all applicable laws, ordinances and Government regulations.

10. I recognize that by granting consent to the Work, you do not profess to express any opinion or make any representations as to the design, feasibility or sufficiency of the Work or whether I will be able to obtain the required permits and certificates.

11. My failure to comply with any of the provisions hereof shall be deemed a breach of the provisions of my proprietary lease, pursuant to which your consent has been granted, and, in addition to all other rights, you may suspend the Work, prevent workers from entering my apartment other than to remove their tools or equipment, and revoke your permission for me to undertake or to continue the Work.

12. You may designate an architect or engineer to review plans and specifications for the Work and to observe the Work as it is performed, to insure that the Work conforms to plans and specifications and is otherwise in conformity with the requirements of this agreement. I agree to provide access to such architect or engineer as well as to you and your agents (including, without limitation, the building's superintendent) to observe the Work from time to time and undertake to make all corrections specified by you as a result thereof. I will provide you with at least three working days' written notice of the following events to insure that such architect or engineer may inspect the Work if desired by you:

(a) Inspections, testing or approvals required by any public authority having jurisdiction over any portion of the Work.

(b) The enclosure or obstruction of any concealed or inaccessible portions of the Work.

13. If any portion of the Work should be covered and hidden from view contrary to the request of any architect or engineer engaged by you pursuant to the terms hereof or to requirements specifically expressed in this agreement, it must, if required in writing by any architect or engineer engaged by you, be uncovered at my expense for its observation and thereafter replaced at my expense.

14. I shall promptly correct all work rejected by you as defective or as failing to conform to this agreement whether or not fabricated, installed or completed. I shall bear the costs of correcting such rejected work, including compensation for the additional services of any architect or engineer engaged by you pursuant to the terms hereof made necessary thereby.

15. I agree to place with the Corporation a Construction and Damage escrow deposit of \$ \_\_\_\_\_ (established in accordance with the Alteration Policy) to be held for the purpose of defraying any damages suffered by you during the progress of the Work. Upon certification by

the superintendent and the managing agent and approval by the Board that there is no damage, the escrow deposit will be returned to me in full. If there is damage, the escrow deposit shall be applied against the cost of any repairs. If the repairs exceed the amount of the escrow deposit, I agree to pay any balance remaining as additional rent under the proprietary lease. Additionally, you may hold this sum as security for my delivery of any amended Certificate of Occupancy, governmental signoffs, testing certificates and other approvals and proof that the Work has been completed as required by law and this agreement, and as security against my payment on demand of any fees incurred by you pursuant to paragraph 2 or the liquidated damages set forth in paragraph 4 above. If the escrow is depleted as a result of the provisions of paragraph 4 we agree to replenish the escrow on demand. If I fail to obtain any such approvals, proofs or an Amended Certificate of Occupancy, you may apply the escrow deposit against the cost of obtaining such approvals, etc. and in payment of any professional fees incurred therewith. If the cost to obtain such approvals, etc. exceeds the sum held in escrow, then I agree to pay such costs as additional rent under the terms of the proprietary lease.

16. All fixtures and appliances proposed to be installed in the apartment have been labeled on plans and specifications therefor submitted herewith.

17. I acknowledge that you grant me permission to install only those appliances and perform only those alterations described in the Work set forth in the plans and list of fixtures and appliances annexed hereto, and that you do not permit the installation of any other appliances or alterations. (a) the enlargement of existing bathrooms or kitchens or the installation of additional bathing facilities or plumbing fixtures over dry areas, or (b) any alterations which would entail cutting into the floor or ceiling slab of the apartment for electrical or plumbing work or for any other purpose, in each case without your express separate consent, and I expressly agree not to cause or permit any such installation or alterations. I further expressly agree not to cause or permit the installation of any other appliance or fixture whatsoever unless the same shall have been labeled on the plans and specifications submitted to you herewith and approved by you in writing.

18. I acknowledge that I have been advised that no workers will be permitted in the building without the express, prior authorization of the Corporation.

19. Any claim or controversy arising out of or relating to this agreement, or any breach or alleged breach

hereof, may, at the discretion of the Corporation, be resolved by arbitration, in the City of New York, by one arbitrator in accordance with the rules of the American Arbitration Association, and judgment upon the arbitrator's award may be entered in any court having jurisdiction thereof. I acknowledge that I have been advised that in the event the arbitrator's award is against me and in favor of the Corporation, I shall be responsible for all legal fees incurred by the Corporation in the defense or prosecution of such claim.

20. I undertake to indemnify you, your Board of Directors individually and collectively, your managing agent, shareholders, employees, residents of the Building, engineers, architects, and attorneys retained by you against any and all loss, damage, claim, cost, expense or liability to persons or property suffered as a result of the Work performed hereunder, including, without limitation, any loss, cost, damage, expense or liability suffered by you as a result of any claim by any shareholder, tenant, occupant, or any governmental agency or department having jurisdiction over the Work, arising at any time from or in connection with the Work, whether or not caused by negligence, and to reimburse you and/or your managing agent for any expenses (including, without limitation, attorneys' fees and disbursements) incurred as a result of such Work.

21. I acknowledge that the Board of Directors retains the right to impose any requirements on the Work to be performed hereunder as it may deem proper and necessary to protect the health, safety and welfare of the Corporation and its shareholders, including but not limited to performance bonds, capital contributions, supervision by building staff and payment of increases in real estate taxes, insurance premiums, or utilities caused by and attributable to the Work.

22. This agreement may not be changed orally. This agreement shall be binding on you, me, and our personal representatives and authorized assigns. This agreement is entered into and governed by the laws of the State of New York.

23. The terms "I", "me" and "my" shall be read as "we", "us" and "our" if more than one (1) shareholder shall execute this Agreement, in which case the obligations hereunder shall be deemed joint and several.

24. Wherever herein the term "contractor" is used, it shall also mean any "subcontractor" and vice versa.

25. Annexed hereto are the Work documents and a rider of \_\_\_\_\_ pages which is made a part of this agreement.

Yours very truly,
